The Department of Management Services' Office of Inspector General seeks Commission for Florida Law Enforcement Reaccreditation

The Florida Department of Management Services Office of Inspector General will be undergoing an assessment by the Commission for Florida Law Enforcement Accreditation in an effort to obtain their third accredited status. On August 14, 2024, the Department of Management Services Office of Inspector General Investigations Section will be assessed for compliance on policies and procedures, management, operations, and practices. The Department of Management Services Office of Inspector General has to comply with all mandatory standards in order to maintain accredited status. A copy of the accreditation standards are available through the Commission for Florida Law Enforcement Accreditation website at www.flaccreditations.org. As part of the assessment, Department of Management Services Office of Inspector General employees and the public are invited to offer comments to the assessment team by writing to the following address:

Commission for Florida Law Enforcement Accreditation
P.O. Box 1489, Tallahassee, FL 32302
Email: info@flaccreditation.org

After the assessment team completes their review of the Office of Inspector General Investigations Section, they will report to the full Commission for Florida Law Enforcement Accreditation, which will then decide if the Department of Management Services Office of Inspector General will be granted re-accreditation status. Participation in the accreditation process is voluntary and, if granted, will be for a three-year period.
